

URGENT NEED

Fund the Forklift

Greetings!

After years of faithful service, Second Mile's food pantry forklift is now defunct and out of commission. We're in urgent need to replace it.

[Will you help?](#)

Without this forklift, we cannot move pallets of food in our warehouse. If you've been here, you know how important it is to move food throughout the warehouse and pantry areas.

Time is critical.

For two weeks, ending Tuesday, June 14, we will be raising funds to purchase a used forklift.

[You can donate here.](#)

Our forklift helps move more than 400,000 pounds of food a year.

Moving that volume of heavy food by hand is not an option.

Thanks in advance for your support, which helps 40 to 50 families in need daily.

With gratitude,

Sarah White
Executive Director
